

**Carlton motor club**

**Curborough practise day**

**Frequently asked questions [FAQ]**

**A leisurely but full day out [approx 9.30 am – 4.30 pm or later – must be finished by 6.00 pm - times will be confirmed with finals ] . Once started track action will be continuous i.e. no official lunch break .**

**The opportunity to put your car through its paces without the pressure of timing or other cars .**

**Short drivers briefing on the day at approx TBA .**

**Apart from when on track speed limit is 10 mph**

**There is a noise test but any normal i.e. unmodified car should pass easily [If in doubt please contact me beforehand] .**

**For ref 105db @ 0.5m & 45' to exhaust @  $\frac{3}{4}$  maxm revs .**

**All Drivers and Passengers must have a crash helmet . It doesn't have to be latest spec . All occupants must wear seatbelts . No requirement for fireproof overalls , underwear or Hans device [but you can if you wish] . All occupants should have arms/legs covered.**

**No special mods needed to the car but should be good mechanical order . Recommended minimum 2mm tread on tyres . Advised to keep all windows closed whilst on track. Remove any loose items.**

**Timing devices are permitted only from a point of comparative testing [suspension , tuning alterations etc.] .Details cannot be published.**

**Marshals , first aid and fire extinguishers are provided. Toilets on site .**

**The club has again booked the on-site catering ; selling a wide range of food and drink at sensible prices.**

**[Please make use of it so it can be a permanent arrangement for us.](#)**

**Normal road cars only [no specials or single seaters]. Only one car is permitted on the track at any time. Three lap sessions [opening lap , one full lap then slowing down lap] .**

**Competing cars can then go to the pits or rejoin the queue for another go [round robin]**

***2020 – Please make sure you have seen/read the separate Covid-19 related notes which affect/replace some of the above***
